Renewal SE Notes

[[[Here we should put our overall commentary for this customer situation]]]

CSM / Acct Team

Address the low adoption of messaging and meetings despite having the licenses available.

CSM / Acct Team

The customer has a local gateway and Connected-UC configured, Seems to have not traffic on it. Verify if it is still required or should be decommissioned.

Acct Team

Confirm overage on the Cisco Calling Plan (580/540)
